

Impact Jersey is a £20m scheme designed to support technology projects that create real benefits for Jersey.

Innovation Programme

The Innovation Programme offers targeted, flexible funding to help innovators, entrepreneurs and businesses turn ideas into solutions that benefit Jersey's economy, environment and community.

ISLAND PRIORITIES

- > **Housing**
- > **Health and wellbeing**
- > **Sustainable transport**
- > **Climate emergency**
- > **Improve existing economic sectors**
- > **Develop new economic sectors**
- > **Future Skills**
- > **Supply chain resilience**

OVERVIEW

- > Flexible: open year-round, no fixed deadlines, enabling innovators to apply when ready.
- > Budget: up to £500,000 per quarter
- > Support: 1-1 advice, clinics & partner introductions
- > Sandbox: use Jersey as a sandbox for a project that aligns with the Jersey priorities

ELIGIBILITY

- > Who can apply: open to local and international innovators and businesses
- > Strategic alignment: projects must address one or more of Jersey's Island Priorities and demonstrate tangible benefits
- > Local engagement: must include collaboration intent or activity with Jersey-based stakeholders.
- > Project based funding: funding is intended for defined, short-term project-specific activities that lead to tangible outcomes, rather than for ongoing operational expenditure, core business costs, or long-term scaling support.
- > Match funding: for non-charity applicants, match funding is required (up to 50%).
